I enjoyed the  
fun songs such as  
the "Repeat What I  
Said" song and "This  
Little Light of Mine"

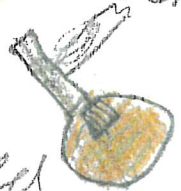

very, very much!  
I also enjoyed  
looking at the  
cool pictures too.

I loved the  
performance! It  
was very nice!

I it was SO fun to  
go to The Ark!

I learned so much!  
My favorite thing that  
I learned was that  
the bango came from  
Africa. I thought  
Brianna was from  
pioneers on the Oregon  
Trail to keep them  
entertained!  
I also learned  
we all know more  
folk songs than we  
thought!

What I learned at the Ark was like we learn  
most types of music then we think. I really enjoyed  
all the music they played and all the background stuff they  
did that with the music.

What aspects of the field trip or program worked well?

ALL OF IT! It was AMAZING. I knew it would  
be good, but it surpassed my expectations by a mile!  
I would go again in a heartbeat. It was so from  
the heart. So much was taught about music,  
history, storytelling, friendship, our country, famous  
people, etc.

# The Ark

What aspects of the field trip or program could we improve?

Bring it to whole schools - except then we would not have had the wonderful experience of going to a "BIG City" as some of my students said.

What was special about participating in the program at The Ark venue?

It was just great, so entertaining & educational. It gave some students their first ever opportunity to go to a city and see a musical performance.

Would you do this again if offered? yes!

How could we make this program easier for you to include in your annual schedule of field trips?

Keep Mrs. Janetsky our music teacher on your e-mail list. We would love to see it every year.

How could we make it possible for you to use this program to make cross-curricular connections?

Would you like to plan other activities for your field trip in Ann Arbor in addition to the presentation at The Ark? maybe

What kinds of activities might you schedule? ?

I learned that music is like a tree and all the genres help it branch out. And music can bring people together. Lastly it is amazing you can play 5 notes and chords! Thank you I learned so much

Hi! My name is vicky. I really enjoyed your music. It was funny at times and just fun and easy to listen to at other times. I really liked hearing some of the older songs I know and singing along to them. 😊 The show was awesome. Also, I enjoyed learning about the banjo and slave songs. Wow! Keep up the good work. I'm coming again for sure.

This is a  
quick sketch

I learned that  
they (slaves) made  
banjos out  
of sticks and skin.  
and ~~enough~~ I LOVE  
the show!
